Please pay close attention at Monday Coffee for further announcements.

Items to Bring:

Cage – enclosed for pet to sleep. Food – preferably dry food, 3 days Sheet or cover to go over the cage at night Vet Reminder – please check with your vet to update vaccinations Pet meds to calm/ease anxiety (see family doc for human drugs for owners) Leash – and collar or harness when taking out of crate Pet poop bags; one dozen Pet’s favorite toy – 1 per pet Newspapers/pee pad for floor area to potty if unable to go outside.

Please complete the Pet sign- up sheet on the credenza with your name, pet’s name, breed, weight, and your cell phone number. You must stay in the building if your pet comes to the pet shelter. No drop offs. There will not be a lottery this year, however, there will be a sign –in sheet for the owners to schedule themselves for at least one hour ‘watch-dog’ time in the community room with the pets, while we are inside the building. There will be a sitting area designated. (Will have the sign in sheet available once we know we will be coming to the shelter.) The animals will have adult supervision at all times. In order to accommodate all animals, there will NOT be an area designated to sleep beside your pet. (Bring some anxiety meds for yourself if needed, but Fido must stay in the community room at night). Signs will be printed and placed on the cage with the animal’s name, owner name, phone #, and location in the building if we need to contact you if your pet is having issues. Hopefully, we will not need to utilize this process, but we want to be prepared in case Irma’s big brother decides to swoop over Sebring.

TGA negotiates *with local golf courses to obtain* the best rates for its members. TGA members are also members of the United States Golf Association (USGA). The USGA provides a national handicap system for golfers that calculate certified handicaps. Golf is played each weekday morning at 8 am and some afternoons at 1 pm. Couples golf is played on Saturday afternoons with a 12:30 shotgun tee time. TGA also provides various monthly tournaments. TGA usually meets the first Wednesday of the month (October thru April) in the Bingo Area at 3:00pm. Tanglewood residents who are not TGA members are eligible to play as a "guest" with the TGA golfers during regular TGA play at TGA course pricing, with a limitation of six (6) times per calendar year. [This does not pertain to a TGA member's house guests.] Any play over six (6) times will be at the prevailing rate of the Golf Course for that day of play. Contact Jeannine Telfer for membership information 863-314-0313. More information on the TGA, its officers, tournaments, and other activities may be found on its website: **tgagolf.net**

Our major committee sign up is in mid-January to mid-February, but most of the committees welcome new members throughout the year. If you are interested in learning more about a particular committee and/or want to join their group, please contact them using this list. All committees are run by volunteers so without a steady influx of new members, the numerous activities will disappear. Remember the best way to get to know people is to become an active volunteer!

Thanksgiving Meal in Clubhouse

Every year on Thanksgiving Day residents can join others to share a Thanksgiving meal. Residents **must** sign-up ahead of time on the sign-up sheets on the Information Center near the Activities Director's office, if they want to participate. Twelve seats per table are allotted with one person volunteering to act as hostess for that table. The hostess cooks the turkey that is provided by Hometown America, while everyone else at that table signs-up to bring a dish to share. Residents are told what time they can come to the hall to decorate their table, if desired, on Thanksgiving Day. Many bring tablecloths, decorations for their table to make it a very festive time as well as plates, glasses and utensils. The meal starts at 2 pm on the 24th. Turkeys are distributed to the hostess about 3 days ahead of time. Are you new and do not know anyone? Not to worry, we were all new once. Just sign your name at one of the tables and come meet your neighbors and have fun. More information is given during November's Monday Morning Coffee and in the November's newsletter (Monthly Activities and Events Schedule).

Trees, Shrubs and Other Vegetation

As per Tanglewood's rules and regulations, you **must** receive permission from the office before you remove any trees on your lot. Dead trees or trees and shrubs damaged by high winds must be removed by the Home Owner within seven days. Seasonal residents must have their home weeded, lawn cut and shrubs trimmed as if they were still here.

Used Sharps Disposal Program

Highlands County has this program available. Used needles and other sharps are dangerous to people and pets, if not disposed of properly. They can injure and spread infections that cause serious health conditions. Self-inject medications are used for treating a wide range of conditions, including diabetes, osteoporosis, multiple sclerosis, HIV, AIDS, hepatitis C, migraines, cancer, kidney disease, and psoriasis. In addition residents at home administer blood thinners, growth hormones, vitamin B-12, and allergy shots. Residents and visitors to Tanglewood who self-inject medications or use disposable lancets to test their blood sugar need to know how to safely dispose of these sharps. Too many times these are thrown in the trash, creating significant health risks to our HTA staff, neighbors, pets and sanitation workers. This program is provided free of charge to Highlands County residents and visitors who must administer injections or perform blood tests in their homes or RV’s. Residents participating in this program will receive a free sharps container for the safe disposal of their sharps. These containers are designed to contain sharps and are like the containers used at the hospital, doctors office and other health care providers. When the container reaches the full mark you will be given instructions to safely lock and label the container and then you can take the container back for safe disposal by a certified company which specializes in this type of waste disposal. Participating Pharmacies:

Think ballet class at the barre. Many different muscles are used in what appear to be simple and graceful routines. Little to no jumping is done in the 9am class. This class promotes how exercising in water can relieve tension on muscles, tendons and bones. These types of movements lead to improved balance. The **10am** class meets Monday through Saturday. The first half of this class always follows the same routine to warm up and ready for the 20-30 minutes aerobic part of class. Buoys and noodles are used but not required. From the middle of May through the mid October this class meets at 8am. The **11am** water aerobics class meets Monday – Saturday mornings. This class is similar to the 10am class, using many of the same elements. But, they also put their own twists to the routines. Noodles and buoys are also used to enhance the movements.
