Tanglewood Book Club

Good morning all and happy holidays!

We met this past week to discuss **Lab Girl by Hope Jahren**. There were 6 people in attendance, and we were split down the middle about how we felt about this book.

Either you loved it, or found it to be a tough read. The synopsis is the story of a female who becomes a botanist, and her trials

and tribulations getting there. Along the way, there was much scientific information about trees, grass, flowers...and the part they play in the world.

The next book is **Someone Else's Shoes by JoHo Moyes**.
Moderato is Sandy R.

Remember, we will be meeting on the first Thursday of each month at 10:00 am, so January 2nd.

So no matter how busy your holiday season is, take time to sit down, grab a tea and read a book. It does wonders for your health!
